Instinct Tendency

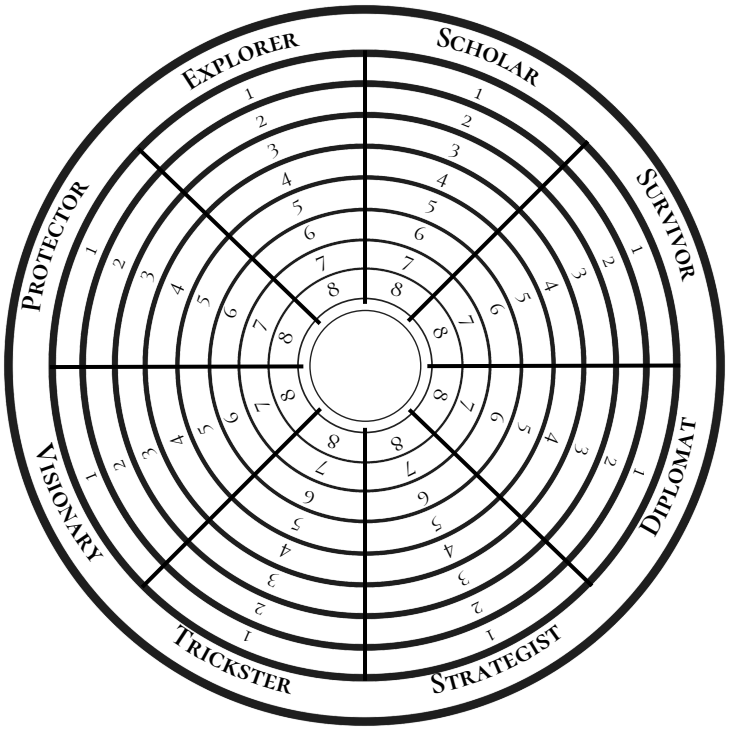
Your **Instincts** reveal how your character naturally wants to respond. Compare them with your **Actions** to see whether they followed those instincts or chose a different path.

Total A : ..... **Total B :** .....

A- Measured: Your character's first instinct is to pause, observe, and consider before acting.

B- Bold: Your character's first instinct is to act quickly, embrace uncertainty, and accept greater risk.

Archetype Wheel



After each **Action**, choose the archetype that best describes your character's response and shade the section bearing that Action's number. When all eight Actions are complete, the pattern reveals which archetypes your character embodied most often.

Assessment

The greatest strength my character revealed: .....

.....

.....

The greatest weakness my character revealed: .....

.....

.....

The decision that surprised me most: .....

.....

.....

One sentence that best describes this character after completing the Crucible: .....
